INTRODUCTION

Dublin Institute of Technology (DIT) is required under the provisions of the Safety, Health and Welfare at Work Act 2005 (the Act), to have and bring to the attention of all employees, a statement of its policy, organisation and arrangements with respect to safety, health and welfare at work. The Act also embraces all of the activities at DIT and staff, students, visitors, contractors/service providers.

The purpose of the statement is to specify the manner in which the safety, health and welfare of employees shall be secured and managed. The Act also places obligations on DIT in respect of third parties who attend at DIT to ensure they are not exposed to risks to their safety, health and welfare.

The fundamental aim of the Act is the prevention of accidents and illnesses at the place of work.

This safety statement has been prepared in compliance with the Act and provides details of the specific hazards relevant to the College of Arts & Tourism Director & Deans Office (this Function) and the controls that have been implemented to adequately safeguard the activities.

This safety statement should be read in conjunction with the DIT Framework Safety Statement which is available on the health and safety website.

This document applies to all staff, students, visitors, contractors/service providers and campus users. It will be updated as necessary in the light of new legislation, staff feedback, changes and practical experience. In addition it will be reviewed annually. This safety statement is made publicly available to allow all staff, students, visitors, contractors/service providers and campus users the opportunity to review and consult on a regular basis.

SAFETY POLICY & OBJECTIVE FOR THE COLLEGE OF ARTS & TOURISM DIRECTOR & DEANS OFFICE

The College of Arts & Tourism Director & Deans Office will seek to ensure that:

Work activities are managed and conducted in a manner that ensures the safety, health and welfare of our employees, students, visitors and contractors/service providers

- Our Safety Statement is maintained and updated and written risk assessments are carried out and reviewed as required and brought to the attention of all employees at least annually
- Identified protective and preventative measures are implemented and maintained
- Improper conduct likely to put an employee's, student, visitor or contractor/service provider's or other campus user safety and health at risk is prevented
- A safe place of work is provided that is adequately designed and maintained
- A safe means of access and egress to all places of work is provided
- Safe plant and equipment are provided
- Safe systems of work are provided
- Risks to health from any article or substance are identified, amended and prevented
- Appropriate information, instruction, training and supervision are provided
- Where hazards cannot be eliminated suitable protective clothing and equipment are provided
- Emergency plans are prepared and revised
- Welfare facilities are provided and adequately maintained
- Competent personnel who can advise and assist in securing the safety, health and welfare of employees are employed when required

Signed: John O'Connor
Date: 15/11/19
Director & Dean of the College Arts & Tourism
SCOPE OF SAFETY STATEMENT

The scope of our operations incorporates the following Schools:

- School of Culinary Arts & Food Technology
- School of Hospitality Management & Tourism
- Dublin School of Creative Arts
- School of Media
- Conservatory of Music & Drama
- School of Languages, Law & Social Sciences

Note: Each School has its own separate Safety Statement

HISTORY OF LOCATION

The Director & Dean’s Office is currently located in DIT Rathdown House, Grangegorman, and has been in existence since mid-1990s.
DIT, Grangegorman is part of the overall Grangegorman Development Project which aims to create a vibrant new city quarter with a diverse mix of uses on the former St. Brendan's Hospital grounds in Dublin city centre. Further information is available here.

SAFETY RESPONSIBILITIES

In accordance with the DIT Framework Safety Statement, the College of Arts & Tourism Director & Dean, John O'Connor, as part of his management function, is responsible for ensuring, so far as is reasonably practicable, the health and safety of persons working, studying or visiting their area of responsibility. In particular he is responsible for the following:

1. To ensure a Safety Statement relevant to operations is prepared which complies with Section 20 of the Safety, Health and Welfare at Work Act
2. To ensure that the Safety Statement is reviewed at least annually and that the DIT Senior Leadership Team (SLT) Health and Safety Sub-committee are notified that the review has been completed and is provided with any updated document which may result from such a review
3. To ensure that all hazards are identified and risks controlled
4. To ensure that regular safety inspections/audits are carried out to monitor compliance with the Safety Statement and legal requirements and to ensure appropriate follow-up action is taken
5. To investigate all accidents to staff/students/visitors/contractors/service providers, campus users in their area of responsibility and to complete the Incident Report Form as appropriate
6. To ensure that local emergency plans and first-aid procedures are implemented and that sufficient fire marshals/first-aid personnel are available
7. To ensure that staff are appropriately trained to carry out their duties safely and to ensure the attendance of staff at designated training courses as appropriate
8. Based on risk assessment, to arrange for the provision of adequate and appropriate personal protective equipment for employees
9. To ensure that all contractors/service providers carrying out work in the area operate under the Estates Office Permit to Work system and to ensure that all contractors/service providers carry out any risk assessment required in respect of any work being undertaken.

All Institute Staff
All employees/staff have a duty to take responsibility for their own safety, health & welfare and for that of visitors and any other person who may be affected by their acts or omissions while at work.
Statutory Requirement

Chapter 2, Sections 13 & 14 of the Safety Health and Welfare at Work Act 2005 places a number of obligations on employees whilst at work as outlined in this section:

13.—(1) An employee shall, while at work—
(a) comply with the relevant statutory provisions, as appropriate, and take reasonable care to protect his or her safety, health and welfare and the safety, health and welfare of any other person who may be affected by the employee’s acts or omissions at work,
(b) ensure that he or she is not under the influence of an intoxicant to the extent that he or she is in such a state as to endanger his or her own safety, health or welfare at work or that of any other person,
(c) if reasonably required by his or her employer, submit to any appropriate, reasonable and proportionate tests for intoxicants by, or under the supervision of, a registered medical practitioner who is a competent person, as may be prescribed,
(d) co-operate with his or her employer or any other person so far as is necessary to enable his or her employer or the other person to comply with the relevant statutory provisions, as appropriate,
(e) not engage in improper conduct or other behaviour that is likely to endanger his or her own safety, health and welfare at work or that of any other person,
(f) attend such training and, as appropriate, undergo such assessment as may reasonably be required by his or her employer or as may be prescribed relating to safety, health and welfare at work or relating to the work carried out by the employee,
(g) having regard to his or her training and the instructions given by his or her employer, make correct use of any article or substance provided for use by the employee at work or for the protection of his or her safety, health and welfare at work, including protective clothing or equipment,
(h) report to his or her employer or to any other appropriate person, as soon as practicable—
(i) any work being carried on, or likely to be carried on, in a manner which may endanger the safety, health or welfare at work of the employee or that of any other person,
(ii) any defect in the place of work, the systems of work, any article or substance which might endanger the safety, health or welfare at work of the employee or that of any other person, or
(iii) any contravention of the relevant statutory provisions which may endanger the safety, health and welfare at work of the employee or that of any other person, of which he or she is aware.

(2) An employee shall not, on entering into a contract of employment, misrepresent himself or herself to an employer with regard to the level of training as may be prescribed under subsection (1)(f).

14.—A person shall not intentionally, recklessly or without reasonable cause—
(a) interfere with, misuse or damage anything provided under the relevant statutory provisions or otherwise for securing the safety, health and welfare of persons at work, or
(b) place at risk the safety, health or welfare of persons in connection with work activities

In addition, staff have the following responsibilities:

- To participate in and put into practice all training provided by DIT, to ensure compliance with safety, health & welfare legislation
- To co-operate with those responsible for health and safety
- To familiarise themselves with the contents of the safety statement, safety policies and procedures and Codes of Practice
- To assist in the preparation and updating of the College of Arts & Tourism Safety Statement
- To assist and co-operate with periodic safety inspections/audits
- To assist in the completion of standard hazard identification control sheets and co-operate with the reporting and investigation of incidents
- To ensure that equipment is operated in a safe manner and good housekeeping standards are maintained at all times
To promote safe work practices
To ensure that all safety rules are communicated to students, contractors and visitors, other campus users
To use equipment only if authorised and trained
To ensure that any safety measures associated with new equipment/machinery is brought to the attention of the Director & Dean, implemented, documented in the Safety Statement and communicated effectively
To ensure that they do not carry out repairs or servicing on plant/equipment/machinery unless they are trained to do so, it is isolated and they should ensure that any guards removed to carry out repairs are properly replaced
To wear appropriate personal protective equipment where required
To report to the Director & Deans Office any person abusing facilities or equipment
To select and appoint a Safety Representative
To notify the Health & Safety Officer of any perceived shortcomings in the safety arrangements

Undergraduate/Postgraduate/Apprentice Students
Students have a legal responsibility not to endanger themselves or others by their acts or omissions. Thus they must:

- Take reasonable care of their own safety and the safety of others
- Co-operate fully with all safety rules and regulations issued by DIT e.g. smoking etc.
- Co-operate with those with responsibility for health and safety
- Not interfere or misuse any specified items of safety equipment or any safety device
- Ensure that equipment is operated in a safe manner and good housekeeping standards are maintained
- Use personal protective equipment (PPE) as necessary. (Students are required to provide their own PPE – laboratory coat, safety glasses etc.)
- Not access or use laboratory/workshop/studio facilities and equipment without the permission of their academic supervisor and where necessary the staff member in charge of these facilities
- Use equipment only if authorised and properly trained
- Report any incident, dangerous occurrence, defective equipment or potential safety hazard to the relevant School staff members/Head of School/ Director & Dean
- To participate in any safety training programmes facilitated by the Health & Safety Office
- Adhere to policies and procedures in the case of lone/out of hours access

Contractors/Service Providers
The following responsibilities are allocated to contractors/service providers:

- All contractors/service providers will be expected to comply with the Institute’s Policy for safety health and welfare and must ensure that their own Safety Statement is made available whilst work is being carried out. It is the Institutes policy that all contractor/service providers have a Safety Statement in accordance with the Safety, Health and Welfare at Work Act 2005
- All work must be carried out in accordance with relevant statutory provisions and taking into account the safety of others on the site. The contractor/service provider must have adequate insurance cover
- Contractors/service providers must not commence with any work on the premises or project site until the Contractor Safety Guidelines and other relevant safety procedures are read,
understood and accepted (available from Estates Office). They must complete the e-learning programme for contractors/service providers

- Contractors/service providers will take reasonable care of themselves and others who may be affected by their acts or omissions and will co-operate as appropriate with DIT employees as necessary
- Contractors/service providers must supply at tender stage a Safety Statement, relevant method statements, copies of their public and employers liability insurance and complete the Contractors Compliance Form CCF1 before a contract is awarded
- They will liaise with the local Estates Maintenance Manager and obtain work permits as required
- Scaffolding and other access equipment used by contractor’s/service provider’s employees must be erected and maintained in accordance with current legislation and Codes of Practice
- All plant and equipment brought onto the site by contractors/service providers must be safe and in good working order, fitted with any necessary guards and safety devices and have all necessary certificates available for inspection
- All transformers, generators, extension leads, plugs and sockets must be suitable for industrial use and in good condition. No power tools or electrical equipment of greater than 110 volts should be used outdoors. If it is necessary to use equipment operating from a 220-volt supply, a residual current device with a rated tripping current of 30mA and operation of 30m sec must be used
- Any injury sustained by a contractor’s/service provider’s employee must be reported immediately to the local Estates Maintenance Manager
- Contractors/service providers must comply with any safety instructions given by DIT
- DIT may carry out safety inspections. Contractors/service providers informed of any hazards or defects identified during these inspections will be expected to take immediate action
- DIT must be notified of any material or substance brought onto the site which has health, fire or explosive risks. Such materials must be stored and used in accordance with current recommendations
- Contractors/service providers will be accountable for the maintenance of good housekeeping practices at all times within their respective areas of work
- Contractors/service providers are not allowed to use equipment owned by the Institute unless written permission is received from the College Director & Dean and a competent person passes it as being safe

**Visitors (a person other than an employee or contractor/service provider)**

- Visitors may not be aware of the potential hazards associated with DIT and also may lack familiarity with the Institute’s premises/facilities and are therefore a potential risk to themselves and others. All visitors must identify themselves to the relevant DIT personnel and follow all DIT’s safety procedures and policies
- Visitors must not enter any area where they do not have the authority to do so. Hazardous areas will be restricted
- They must not interfere with any of the Institutes property, equipment, materials or substances unless they have permission to do so from the person in charge
- They must not remain on the premises any longer than necessary and should return PPE on leaving
- In the event of an evacuation, they will be led to the Assembly Point by their DIT host
- A safety booklet and wallet card is available at Front desk/Reception area and on request
- The DIT Framework Safety Statement is available on the safety website www.dit.ie/safework
- DIT has a Child Protection Policy available on the DIT website
DISCIPLINARY ACTION

Any member of staff/student who contravenes or fails to manage to work in accordance with current safety health and welfare legislation, the DIT Framework Safety Statement and codes of practice may be subject to the Institute's disciplinary procedures. The Estates Officer will address any contraventions by contractors/service providers.

HEALTH AND SAFETY CONSULTATION

Employers are obliged under the Act, to consult with and take account of any representations made by employees regarding safety, health and welfare. The College of Arts & Tourism Director & Dean’s Office ensures that health and safety is an agenda item at all meetings and ensures that working groups are appointed to deal with certain health and safety items if required.

The College of Arts & Tourism Health & Safety Team meetings are chaired by the Director & Dean, John O’Connor. Heads of Schools attend the meetings representing their respective Schools. These teams meet periodically throughout the year, every two months.

Consultation takes place when there is a change, update or modification to a particular work process, when new machines or processes are introduced or when new substances or materials are introduced.

Each Health and Safety Team has selected and appointed Safety Representatives. Details of current Safety Representatives may be found on the health and safety website (www.dit.ie/safework)

PROVISION OF INFORMATION

Staff, students, visitors and others are made aware of safety matters by the following means:

- Agenda item at College meetings
- Desktop Emergency Response Flip charts
- Health & Safety notice boards
- Health & Safety Newsletters
- Toolbox talks
- Health & Safety Induction
- Health & Safety Training courses
- Signage:
  - Safety notice points
  - Emergency first-aid procedure signs
  - Emergency floor plans
  - Assembly point maps
  - Fire actions notices
- Emergency Response posters
- Safety booklets
- Safety wallet cards
- Website www.dit.ie/safework
- Posters
- Inductions are prepared and delivered by Occupational Health Officers where requested

HEALTH AND SAFETY RESOURCES

The College of Arts & Tourism Director & Dean Office codes all budgetary spend on activities/spend pertaining to safety, health and welfare. Considerable resources are expended by the Director & Deans
Office in securing the health, safety and welfare of employees in terms of personnel, time, materials, equipment and the purchase of goods and services.

Where additional equipment, training etc. is required whether as a result of ongoing risk assessment or legislative change, resources will be allocated on a prioritised basis to meet the identified requirements.

The health and safety website hosts a reference library of videos, texts, literature and other publications on health and safety matters.

### SAFE SYSTEMS OF WORK

It is the policy of DIT to ensure that employees are not asked to perform tasks outside their competence and capacity. Safe systems of work have been designed with this objective in mind. As some work activities give rise to risks which can only be controlled by adherence to proper procedures, employees are issued with written safe working procedures which should be adhered to at all times. See School Safety Statemens for relevent Standard Operating Procedures.

Management shall keep a watching brief on safety matters and where necessary adjust or alter systems of work to make them as safe as is reasonably practicable.

### PROCUREMENT CONTROL

The purchasing of equipment, plant and substances is subject to the provisions of the Act and associated regulations, thus all equipment, plant or substances will undergo risk assessment prior to acceptance into the Institute. The College of Arts & Tourism Director & Deans Office follows all the guidelines as per the Framework Safety Statement and ensures that a risk assessment is carried out before any equipment/machinery or contractor/service provider is engaged by the Director & Deans Office.

### INSPECTION PROCEDURES

All locations of work will be periodically inspected by a representative from the Health & Safety Office accompanied by local management and the Safety Representative. The College of Arts & Tourism Director & Deans Office will ensure non-conformances identified are rectified and a log maintained.

Where in the opinion of the Health & Safety Officer or other competent officer, there is a risk of serious injury and immediate risk to individuals, he/she will have the authority to advise that the activity is stopped until adequate steps have been taken to eliminate risk or if possible reduced to an acceptable level. Where the risk cannot be reduced to an acceptable level and finance is not available, the College of Arts & Tourism Director & Deans Office shall ensure the activity is ceased.

In accordance with statutory requirements, certain examinations, testing and inspections are carried out on specific items. A list of those items, the frequency of inspection and the testing body is presented below:

<table>

TRAINING

Health and Safety training is a legal requirement specified by the Act. It is also Institute Policy that all employees attend such health and safety training and assessment. Please see Health and Safety Training Policy for Staff.

Each employee will be made aware of emergency action plans and arrangements pertinent to their workplace as per section 11 of the 2005 Act at induction by completing the online Emergency Response Training (ERT) programme.

In addition to our statutory duty to employees, DIT seeks to provide such training as is necessary to enable the students to undertake their studies in a manner which, in so far as it is reasonably practicable, is safe and does not give rise to risks to health or expose the individual student or other persons to unacceptable levels of risk. The provision and extent of any necessary training is dependent upon the nature of the academic discipline being pursued, the experience and disposition of the students involved, their familiarity with any equipment/substances to be utilised, the environment/conditions where the activities may be discharged, and the extent to which supervision is necessary and available. Risk assessments will highlight where additional student training is required.

Training required for the College of Arts & Tourism Director & Deans Office includes:

Mandatory Training:
- Emergency Response Training (ERT)
- Manual Handling Training
- Legal Update for Managers

Specialist Training:
- Emergency First-aid (1 day)
- Evacuation Marshal Training

EMERGENCY PLANNING AND RESPONSE

SERIOUS INCIDENT/EMERGENCY
- Dial 112/999 (You may need to dial “0” for an outside line)
- Contact DIT Health & Safety Officer - 086 3891080

REQUIRES FIRST-AID
- Seek local first-aiders – see contacts page
- Injured unwell staff/students:

  Occupational Health Officer:
  Orlaith Waters 087 9809131

  If serious/after 5pm/in doubt, go directly to local A & E/local GP

REQUIRES FURTHER ATTENTION
- Staff members should attend their local GP
- Students should attend the Student Health Centre
- Structural safety matters - should be referred to the local Estates Maintenance Manager
• Operational safety matters – should be documented on a Hazard Report Form and sent to the Health & Safety Office (www.dit.ie/safework)

FIRE & EVACUATION
COLLEGE OF ARTS & TOURISM DIRECTOR & DEANS STAFF

INSTRUCTIONS ON DISCOVERING A FIRE (all staff, students, visitors, contractors/service providers etc.)
• Activate the nearest fire alarm point
• Leave the building using the nearest exit route
• Disperse from the building and move away to place of safety
• Do not use the lift
• Do not re-enter the building until the “all clear” has been given

INSTRUCTIONS ON HEARING THE EVACUATION ALARM OR OTHER WARNING (all staff, students, visitors, contractors/service providers, first-aiders etc.)

Objectives:
To outline actions to be taken by the College of Arts & Tourism Director & Dean Office staff in the event of an alarm activation

Duties:
On hearing an alarm activation or other warning:
• Instruct students and staff to leave buildings, specific location e.g. corridors, common rooms, offices, meeting rooms, canteen, studios, workshops and kitchens
• All students in classrooms should be led by lecturers/technicians
• All visitors should be escorted to safety by the person they are visiting
• Anyone in common areas or moving between areas, should immediately join the lines of people exiting
• Shut down equipment if safe to do so and time permits
• Close windows and doors to confine smoke/fire
• “Sweep search” the area specify area (corridors, common rooms, offices, meeting rooms, canteen, studios, workshops and kitchens), evacuate the building* immediately by the nearest available exit. Marshals should then leave immediately via the nearest escape route
• If required, assist any individuals to evacuate the area
• Form a single file on both sides of the corridor or stairway, leaving the centre passageway clear
• Do not delay or stop to collect personal belongings
• Do not use the lift
• If heavy smoke present, try to find another exit or crouch low to the floor
• All doors should be closed (not locked) by the last person in the line
• Report to your Assembly Point – click here to see assembly point details
• All evacuation marshals/sweepers, Estates Maintenance personnel, Director & Dean, Heads of School, first-aiders should assemble at the assembly point(s) to check in, confirm to the Incident Controller that the area has been cleared and report details of any casualties
or people needing assistance with evacuation. This information is then given by the Incident Controller to the Emergency Services.

- Do not return to the building until instructed to do so by the Incident Controller

* Separate personal emergency egress plans (PEEP) have been prepared for people with disabilities

**YOU SHOULD FAMILIARISE YOURSELF WITH THE LOCATIONS OF THE FOLLOWING:**

- Escape routes
- Fire alarm call points
- Fire extinguishers and blankets
- Fire assembly points

Please click here to see Assembly Points and pictures

**Evacuation Marshals:**

- John O’Connor
- Dr Matt Bowden
- Professor Noel Fitzpatrick
- Andrea Marcelin
- Yvonne McGlynn
- Sharon Kane
- Anne Marie Fidgeon
- Anna Deegan

The College of Arts & Tourism Director & Dean will ensure that sufficient marshals are appointed on an ongoing basis to provide an effective service.

Your Incident Controller is: **Porter on Duty**

General Rule of Thumb – all staff should act as “sweepers” in the event of an emergency, checking offices, classrooms, cloakrooms, sanitary facilities, storage areas, common areas, corridors, studios, workshops, kitchens, canteen and meeting rooms as they exit to ensure that as they exit everywhere has been cleared.

**YOU SHOULD NOT PUT YOURSELF IN DANGER AT ANY TIME**

**FIRST-AID**

- An emergency first-aid kit and automatic external defibrillator (AED) is available at the front desk/reception area.
- A list of Institute Staff who have completed training in first-aid/AED is available on the health and safety website

Staff trained in first-aid include:
The following staff in the Director’s office completed one day Emergency First-Aid Programme:

1. John O Connor (3 day Occupational First Aid programme completed)

First-aid kits are located at: the reception/ front desk of DIT buildings and in first-aid rooms (a first-aid room is located beside the main reception in Rathdown House)

Please report any used items to the designated person in charge who is responsible for monitoring the contents and ensuring their replacement.

**Further Treatment / Incident Report Forms**

- Staff may refer students to the Student Health Centre in DIT Linenhall 01 4023614 and Aungier St. 01 4023051 or contact the Emergency Services on 112 / 0999 if an incident is urgent.
- Incident Report forms are available from the Front desk of DIT buildings or print off from the health & safety website. When completed and signed should be sent the DIT Health & Safety Officer.
- An Occupational Health Officer (Orlaith Waters) is available at 087 9809131 weekdays 9:00am – 5:00 pm to deal with the occupational health, safety and welfare needs of all staff and students and to provide first-aid advice.

**INCIDENT REPORTING AND INVESTIGATION**

The Institute has a statutory duty to record all incidents and report certain types of incidents and dangerous occurrences to the Health and Safety Authority (HSA). Therefore all incidents resulting in personal injury, damage to property, dangerous occurrences or near miss e.g. must be reported immediately to your Manager/Supervisor.

The incident report form must be forwarded to the Health & Safety Officer within 24 hours of the incident occurring or as soon as possible. Incident report forms are available at the front desk/reception area and on the health & safety webpage (click here).

**HAZARD REPORTING**

DIT recognises the part that its staff/students/visitors and contractors/service providers have to play in the reporting of hazards in the workplace. There is a report form to formally identify and report hazards. If the hazard is a structural issue, it should be reported immediately to the local Estates Maintenance Manager and if it is an operational safety issue, it should be reported to local management using the Institute’s Hazard Report Form available on the health and safety website.

**MANAGEMENT OF CONTRACTORS/SERVICE PROVIDERS**

All work undertaken by outside contractors/service providers on behalf of the College of Arts & Tourism Director & Deans Office must be carried out under a Estates Office Permit to Work.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**
It is the policy of DIT to eliminate all hazards where reasonably practicable. DIT will assess what PPE appropriate to the task/work environment is required only as a last resort when further risk reduction is not feasible.

All PPE and safety equipment purchased by the Health & Safety Office must be of approved standards and comply with relevant EC Directives regarding design and manufacture. Defects shall be reported to Managers/Supervisors.

Staff members in the College of Art & Tourism Director and Dean’s office do not require PPE. In the event that College staff members are walking into workshop areas they must comply with PPE requirements.

**ERGONOMICS**

All new equipment and machines, tools, work methods, work procedures and work stations should be assessed for ergonomic hazards prior to being brought into use. The Health & Safety Officer should be informed of the risk assessment process and will advise of competent people to assist with the risk assessment.

Staff should consider ergonomic standards when designing new workstations and layout of new offices.

It is the responsibility of the College of Arts & Tourism Director & Dean to ensure that all information on ergonomic controls is communicated to employees and students via circulars, team briefings or other means. He should also ensure that all problems identified are addressed and brought to the attention of the Health & Safety Officer.

**WELFARE PROVISIONS**

In accordance with legislation, Dublin Institute of Technology is committed to providing welfare facilities which are available to all staff which include the following:

- Adequate and suitable sanitary and washing and drying facilities with hot and cold running water maintained in a clean and hygienic condition
- Adequate number of lavatories and washbasins with hot and cold running water
- An adequate supply of potable drinking water at suitable points conveniently accessible to all employees, tested by the Estates Office
- Suitable facilities for sitting/other ergonomic support, in the case where work can be done in a seated position
- Suitable and adequate facilities for boiling water and taking meals or reasonable access to other suitable and adequate facilities staff rooms and canteens facilities are available in DIT buildings
- Easily accessible rest rooms/areas with seats with backs
- Adequate provision for drying wet or damp work clothes
- Adequate ventilation, temperature and lighting
- Fire detection and fire fighting equipment
- Emergency routes and exits
- Pedestrian and traffic management systems
- Clean and well maintained interior walls, floors and traffic routes
- Rest facilities for pregnant ladies or breastfeeding mothers – will be made available for staff and students (first-aid room located in Rathdown House, contact the Health & Safety Office)
• Everyone is obliged to care for these facilities and must not misuse them. All welfare provisions should be maintained in a clean safe condition
• Arrangements for regular cleaning of premises and removal of waste should be made by the local Estates Maintenance Manager.
• Drinking water is available to all staff via water stations throughout DIT buildings

SENSITIVE WORK GROUPS

Protection of Children and Young Persons
In cases where children must be present on Institute premises and therefore affected by our acts/omissions, sufficient notification must be given to the Health & Safety Office by the DIT host representative, of the situation, so that an appropriate risk assessment may be carried out. When on DIT property, the parents/guardians/host representative charged with responsibility for bringing the child onsite, must be responsible for that child and ensure that at all times they are supervised and protected from activities, processes, equipment, machinery, agents etc.

Please ensure that all staff are familiar with the DIT Child Protection Policy.

Pregnant Post-Natal and Breastfeeding Employees/Students
The Safety, Health and Welfare at Work (General Application) Regulations 2007, places a duty on employers to assess the risks to determine any possible effects on new/expectant mothers resulting from any activity at the place of work.

• Each risk assessment will identify hazards in the workplace that could pose a health and safety risk to new and expectant mothers
• Where the assessment reveals a risk, then preventive or protective measures will be taken.
• Pregnant employees/students should advise the College of Arts & Tourism Director & Dean of their condition as soon as they are aware they are pregnant so that a confidential pregnancy risk assessment may be carried out
• On returning to work/college any new mothers who are breastfeeding and require facilities should contact the College of Arts & Tourism Director & Deans Office

LONE WORKING AND OUT OF HOURS ACCESS

Lone out of hours access does not apply to the College of Arts & Tourism Director & Dean’s Office.

WORK PLACEMENT

Workplacement does not apply to the College of Arts & Tourism Director & Dean’s Office.

TRIPS/TRAVEL

Trips and travel does not apply to the College of Arts & Tourism Directors & Dean’s Office other than inservice training and development and travel to conferences by staff in the Director’s office.
STAFF/STUDENTS WITH DISABILITIES

Specific risk assessments will be completed to ensure that the health and safety needs of staff and students with permanent/temporary disabilities are taken into account. Preventative and proactive measures will be put in place following the risk assessment if specific hazards are identified. Personal emergency egress plans (PEEPs) will also be prepared if required. The Disability Liaison Officer will provide specialist and competent advice and liaise with the Health & Safety Officer, Occupational Health Officers, College Manager and Estates Maintenance Manager. The onus is on visitors with a disability to notify staff at the front desk, who will assist in evacuation if required.

HEALTH SURVEILLANCE

Risk assessments will determine if health surveillance is required. Health Surveillance is made available to all staff appropriate to the health and safety risks present and facilitated by the Health & Safety Office. In certain circumstances, staff and students may be referred to our external Occupational Health Physician for a health assessment in relation to their work/studies to ensure that we can put in place any additional corrective action if required.

Eye tests are available for regular visual display unit users at the National Optometry Centre. Please familiarise yourself with the eye test policy which is available on the health and safety website.

WORKPLACE DRUGS, INTOXICANTS AND ALCOHOL

An employee/student must ensure that he or she is not under the influence of an intoxicant to the extent that he or she is in such a state as to endanger his or her own safety, health or welfare or that of any other person. Contraventions will be dealt with as per DIT disciplinary procedures.

DIGNITY AT WORK ANTI BULLYING & HARASSMENT POLICY AND PROCEDURES

The Institute's Dignity at Work Anti Bullying & Harassment Policy and Procedures deals with complaints against members of staff in the workplace which also includes work associated events such as meetings, conferences and work related social events, whether on the premises or off site. Bullying or harassment of staff/students will not be tolerated. Please ensure that all staff are familiar with the relevant policy/procedure.

STRESS

The risk assessment will identify any areas where stress is a hazard and controls will be implemented to eliminate this hazard. The HR department should be consulted immediately if an issue regarding stress is highlighted. An Employee Assistance Programme (EAP) is available to all staff. Students should liaise with their tutors in relation to issues regarding stress. Tutors are appointed for groups of students. Students may also seek assistance from the Student Health Centre and Student Counselling Service.
AUDIT, REVIEW AND COMMUNICATION

The Director & Dean ensures that periodic health and safety audits are completed and a review of all Safety Statements and documentation takes place. This will be approved by DIT SLT Health and Safety Sub-Committee. All changes will be communicated to all staff, students, visitors and contractors/service providers. The most recent revision of all Safety Statements will be available on the DIT safety website and from the College of Arts & Tourism Administrator.

DOCUMENT CONTROL

This document is a controlled document and as such any updates, review and distribution will be in accordance with DIT’s standards for such documents. Only controlled copies will be updated when required.

The College of Arts & Tourism Director & Dean will issue new documents after appropriate consultation and agreement with relevant parties.

HAZARD IDENTIFICATION, RISK ASSESSMENT AND CONTROL MEASURES

It is the policy of the Institute to identify hazards in the workplace, assess the risk to safety and health and control these risks as far as is reasonably practicable.

The Framework Safety Statement outlines the generic hazards, which have been identified and the control measures that are in place.

It is incumbent on those responsible for managing their areas of work, at all levels, not merely to observe the arrangements described in the Framework Safety Statement, but to assess their applicability within their area of authority and where necessary to refine and extend them to deal with particular local situations. The management of the Dublin Institute of Technology is committed to ongoing identification of hazards, assessment of the appropriate risks and the introduction of controls to deal with them. Management at all levels have a responsibility to apply this principle within their area of authority.

Staff are encouraged to become involved and participate in safety, health & welfare issues. In particular, they are encouraged to identify any potential hazards, which may exist, and to ensure that a risk assessment is carried out.

Ongoing hazard inspections will be carried out periodically to ensure that the information is updated, controls are adequate and where necessary the risks are reassessed.

A “hazard” is taken to mean “any substance, article, material or practice which has the potential to cause harm to the safety, health or welfare of staff, students, visitors, contractors/service providers in DIT”. Hazards may be classified as:

- Physical
- Chemical
- Biological
- Operational
- Human Factors

“Risk” is a measure of the probability of the event occurring and the severity and extent of the injury, ill health or damage it may cause if it did occur.
Risks may be classified as:

- High
- Medium
- Low

High
Occurrence is probable, and could cause a fatality, serious injury or serious ill health to an individual or group of people.

Medium
Occurrence is possible and could cause injury or ill health to an individual or a small group of people.

Low
Occurrence is possible but unlikely, only minor injury would be caused and would probably be limited to a single individual.

The classification of hazards should be used to develop the priority of control measures, remedial actions, and the allocation of resources. As a general rule, the control measures will seek to eliminate any risk classified as high and reduce the potential of risks classified as medium or low.

Risk control measures are a combination of:

- Elimination
  Where the risk is removed
- Substitution
  Where the risk is exchanged for one of lesser classification
- Isolation
  Where the risk is contained (e.g. Enclosures, guards etc.)
- Engineering
  Where common systems are used to protect all exposed to risk (e.g. Fire alarms, ventilation systems etc.)
- Personal Protection
  Whereby the above means, the risk cannot be reasonably be reduced further, but an unacceptable level of risk remains, the team members are individually protected from the risk.
- Procedure
  Where procedural controls are used. This will include procedures such as Standard Operating Procedures and training and the provision of information may apply to any and all of the above control measures.
