IMI Awards Certificate in Automotive Management

Department of Transport Engineering:

The Department of Transport Engineering is part of the School of Mechanical and Transport Engineering and is situated on the Bolton St. campus. It has a multi-disciplinary approach to education, offering a range of programmes in all areas of the transport industry: apprenticeship programmes in vehicle body repair, heavy and light vehicle mechanics, and aircraft maintenance, as well as whole and part time technology and management programmes to degree level

The Institute of The Motor Industry:

The Institute of the Motor Industry (IMI) is an international professional association for individuals working in the motor industry. IMI Awards Limited is the leading Awarding Body for the retail motor industry. It offers an unrivalled range of motor industry qualifications that demonstrate skills and competence.
