Module Selection

Each academic year DIT students are required to check that the correct modules are on their student record.

All DIT programmes contain a number of modules which must be completed each academic year.

Some programmes contain Core Modules only while others contain Core and Optional Modules.

Core Modules - student is obliged to attend and be examined in

Optional Modules - student chooses to attend and be examined in

An email will be sent to your DIT student email informing you when to complete this process. The email will contain the following:

- Web Link to the Module Selection Self Service System
- Student's User ID
- Closing Date for Module Selection Process

Semester	Date	Action
Semester 1	November	<ul style="list-style-type: none">Confirm Semester 1 ModulesConfirm Year Long Modules
Semester 2	February	<ul style="list-style-type: none">Confirm Semester 2 Modules

[Add / Drop Modules](#) [Search Module Database](#) [Frequently Asked Questions](#) [Module Selection User Guide](#)

Enter the Academic Year, Programme and Stage on the Programme Compliant Modules page and click on the Search button.

Programme Compliant Modules

Academic Year e.g. 200708

Programme

Stage

If the search returns no modules it may be due to the following:

- Incorrect Programme Code
- Programme is not modularised for Academic Year entered
- Programme has streams
- Modules associated with the Academic Year, Programme and Stage are not yet authorised

Please contact the relevant faculty for any queries regarding missing programmes

Information on the Modules for the Programme and Stage display where available.

Add / Drop Modules [Search Module Database](#)
[Frequently Asked Questions](#) [Module Selection User Guide](#)

To login enter your User ID and PIN

 Please enter your User Identification Number (ID) and your Personal Identification Number (PIN). When finished, select 'Login' and select 'Forgot PIN'.

N.B.: Please enter all letters contained within your ID using UPPERCASE.

Look for the 'Info Icon' to find instructions for use of the web pages.

To protect your privacy, please Exit and close your browser when you are finished.

User ID:

PIN:

RELEASE: 7.4

The same pin is used for all online services: programme registration, module selection and examination results. Your pin is the same pin you used last time you logged into one of these services.

*Once your User ID and PIN are verified you **may** be prompted to change your PIN. Re enter your old PIN as instructed. After entering a new PIN re enter the new PIN to validate it. Remember to keep your PIN secure.*

Login Verification Change PIN

 For security reasons your PIN has expired and you must change it now. You should set your PIN to a new 6 digit number which is different to your current PIN. The PIN must contain numbers no letters. There is no need to contact the Support Desk for this message you should simply follow the on-screen instructions for entering a new PIN.

Re-enter Current PIN:

New PIN:

Re-enter new PIN:

If you are logging in for the first time to one of these services you are required to set up a security question.

The screenshot shows a web interface for setting a security question. At the top, there are tabs for 'Personal Information' and 'Student', with 'Student' being the active tab. Below the tabs is a search bar with a 'Go' button and a navigation menu with links for 'MENU', 'SITE MAP', 'HELP', and 'EXIT'. The main heading is 'Security Question and Answer'. A yellow horizontal bar separates the heading from the instructions: 'Please enter your new Security Question and Answer, then Submit Changes.' Below this, there is a field for 'Please Confirm your Pin:' followed by a text input box. Then, there is a 'Question:' label followed by a dropdown menu currently showing 'Not Selected'. Below that is an 'Answer:' label followed by a text input box. At the bottom of the form are two buttons: 'Submit' and 'Reset'. A footer section at the very bottom of the page contains the text 'RELEASE: 8.5.1'.

On subsequent uses of the online Student Self Service Facility this question and answer will be used if you have forgotten your PIN.

As advised keep your answer to less than 30 characters limit spaces and do not use special characters.

Keep this question secure as it could provide subsequent access to your personal module selection and results.

Click Submit.

Click on the Student Services option.

Select Term (Academic Year)

Select a Term: 2006/07 Academic Year ▼

Submit

The Add/Drop Modules page displays the Modules (CRNs) on your registration record.

Add/Drop Modules:

Use this interface to add or drop Modules for the selected term. If you have already registered for the term, those Modules will appear in the Registered section. Additional Modules may be added in the Add Modules table. To add a Module enter the Course Reference Number (CRN) in the Add field. To drop a Module, select Drop from the options available in the Action field. If no options are listed in the Action field then the Module may not be dropped. Click Submit Changes.

If you are unsure of which Modules to add, click Module Search to review the Module schedule.

Modules with drop-down menus under the Action column are option modules.

Modules that do not have drop-down menus under the Action column are Core Modules and must be taken as part of the prescribed programme and stage.

To retain option modules on your record no change is required to the Action None.

To drop option modules, select Drop on the drop-down menu in the Action Column.

Registered on Nov 01, 2006	None	10134	ROBO	3109	01	Undergraduate	5.000	Percentage		Robotics 3.1
Registered on Nov 01, 2006	None	10135	SYSE	3109	01	Undergraduate	5.000	Percentage		Systems Engineering 3.1

Registered on Nov 01, 2006	Drop	10138	MGMT	3109	01	Undergraduate	5.000	Percentage		Project Management

Select the Action Drop for the option modules (CRN) you are NOT taking in the Current Schedule and click on the Submit Changes button below the Add Modules Worksheet to save.

Note: Once an option module has been dropped, and changes have been saved, this module will no longer appear for selection. If option modules are dropped in error, if the CRN number of the module that was dropped in error is known, it can be re-added on the Add Modules Worksheet at the bottom of the web page.

The Dropped CRN no longer appears on the Current Schedule.
